

# Tides Of Chaos

A man and woman meet online while the world around them is falling apart. Where are the creatures from that have invaded their planet? What do they want? These questions and more must be answered if the human race is to survive this doomsday scenario. Authors Blaze McRob and Lori R. Lopez join forces to present an unusual tale of an apocalypse that has devastated society. Elvie and Ed managed to connect in a world gone mad. They give each other hope and support from a thousand miles apart. Will it be enough to save them? Read their frantic messages as they attempt to make sense of the situation in this illustrated short fiction from two accomplished horror authors. The story was actually written by exchanging E-mails like the characters, without knowing what might come next. This illustrated print edition contains artwork by Lori R. Lopez. (Contains brief mild to moderate language.)
