Vikings! Cowboys! Airships! Welcome to the Gears & Gunfighters universe, where Gearsmen can defy death and Steamhorses gallop across the frontier! Meeting Master Beck changes Coline Carons life forever, but her apprenticeship was just the beginning of an adventure she never dreamed of. The lessons and approvals of five mentors stand between her and the title of Master Gearsman and her search for them will take her from the City of Salvage to the frontier, across borders and beyond. Amidst the changing tides of nations, and in search of a masterwork to prove her mettle, the Journeyman Gearsman seeks her fame and fortune trough study and travel- and comes across a secret with the potential to save the world, or destroy it.
