

Stroke DVD: Why It Happens and How to Prevent It

A video can clarify and complement material you have read. This companion DVD to the HealthSouth Press book, *Living with Stroke: A Guide for Families*, is no exception. It is an excellent educational resource for stroke survivors, their families, students, and healthcare professionals. Lively and informative, this video offers high-quality graphics accompanied by Dr. Senelick's well-known clear teaching style. You will learn about who is likely to suffer a stroke, the types of strokes, risk factors, acute treatment of stroke, and ways to prevent strokes. Knowledge is power and the power to keep you and your family from having a stroke. Do not miss this opportunity to become and stay informed.
