

## Dead Highways: Origins (Volume 1)

A journey of epic proportions, Dead Highways delivers a unique and humorous character-driven tale of post-apocalyptic fiction, all told by an unforgettable narrator. Book 1 in the Dead Highways series. Born in a secret government laboratory in Nevada, the virus took less than a week to put over ninety percent of the world's population in a coma...but not Jimmy. He's one of the lucky few immune to the infection. Together with a diverse group of survivors, Jimmy must pick up the pieces of his shattered life and learn to cope with the sudden death of civilization. And things are about to get a lot worse. Without warning, the infected wake and begin migrating west in massive herds, killing any remaining survivors that cross their path. But where are the infected going, and what is guiding them? Can Jimmy and his new friends stay alive long enough to discover the shocking truth that waits at the end of these dead highways?
