

# When Gods Fail II

Alone again in the vast wasteland, Tom is haunted by ghosts. Images of people he loved, killed, float through his head. He moves to escape his sins, and hes thrust into the arms of a new power in the land. This power, a group of survivalists, tolerates no dissent. Tom feels himself swept up by their ways, but soon his hopes are shattered when he is forced to choose between a new close friend and himself... between his past sins and a new future. After he chooses he will never be the same... but will he at least have a soul?
