

Old Blood

Be gone to a land of ice and cold, Ringed by mountains untold, Alone and desolate may you be, Until the old world be swallowed by the sea. Somewhere off the Northeast coast of Greenland, Aiden has gone missing while on a quest for the Tuatha De Dannan. He was looking for the Cauldron of the Muse, and instead finds an ancient rage that he cannot escape. Ethnea, a human empath, reluctantly follows her adopted mother Briana out onto the ice to save Aiden. Together with Aiden's human son, a hobgoblin, a leprechaun, a werewolf, an outcast faery from before the reign of Christ, and a slew of crazed frightened sled dogs, they head out amidst the cold of winter to find him. But is he still there to be found
